

Fall in Love This Christmas

Dia Frampton

What good is hot cocoa, if you're drinking alone?
What good is mistletoe with nobody to hold?
I don't need no presents
Yeah, I got enough, friends
I want that special thing
Is Santa listening?

'Cause I just wanna fall in love
I Just want to feel that rush
I just wanna fall in love this Christmas

This Christmas

I built me a snowman
And he reached for my hand
But he melted away
I wish that he would stay
I'll hang up the gold lights
I'll wait by the chimney
Is this my lucky day?
Will Rudolph lead the way?

'Cause I just wanna fall in love
I Just want to feel that rush
I just wanna fall in love this Christmas

I just want someone to hold
Together we'll grow so old
I just want someone to hold
This Christmas

This Christmas
