

# The Nice List

Dia Frampton

Presents under the tree  
I only took a few peeks  
When you said "naughty or nice", exactly what did you mean?

I put out cookies and milk  
But I couldn't help myself  
Before I knew it, the dozen turns to crumbs

But can I stay on the nice list?  
Santa, tell me the secret  
Except for a couple times, I've been pretty good  
Can I stay on the nice list?

I passed a snowball fight  
You know I had to join in  
And I put one right between their eyes

I spiked the eggnog good  
I stole some gingerbread  
I'll never do it again, Santa, I swear that I'll change

But can I stay on the nice list?  
Santa, tell me the secret  
Except for a couple times, I've been pretty good  
Can I stay on the nice list?

Santa, is it so black and white?  
Santa, can we just let it slide?  
When you said "naughty or nice",  
Did you really mean all of the time?

Just some other time  
Can I stay on the nice list?  
Santa, tell me the secret  
Except for a couple times, I've been pretty good  
Can we just overlook this  
Can you just look the other way, just once?  
Can I stay on the nice list?  
Can I stay on the nice list?
