

# Lady Clandestine Chainbreaker

Diablo Swing Orchestra

They tell you how to be a man  
They tell you how to be a woman in a dress  
The colour of your skin gives them the power to  
Determine who you are

But in our minds  
And in our dreams  
I know that we can feel

Emotionally

Free  
Tasting it feels so good  
Free  
Wanna have it and eat it too

They say  
Who are you gonna be?  
What are you gonna do?  
But I know there's another possibility  
Some of us can't  
Some of us don't  
It can be hard to breathe

In our minds  
And in our dreams  
I know that we can feel

Emotionally

Free  
Tasting it feels so good  
Free  
Wanna have it and eat it too  
How about you?

On a mission  
Taken for granted  
Knowing that things will change  
This secret I have seen  
The illusion of life  
Can't contain us

How about you?  
Well  
If you can't choose  
You try to stand tall

'Cause in our minds  
And in our dreams  
I know that we can feel  
Emotionally free

'Cause in our minds  
And in our dreams  
I know that we can feel

Emotionally

Free

Tasting it feels so good

Free

Wanna have it and eat it too

Free

Taste it, it feels so good
