

Shadow World

Diablo

Revolution of lies and greed is here
Ready to kiss your ass goodbye
Guided by the man who can twist the truth
The truth as he likes

This is the king that you can not miss
He doesn't scream that good old 666
He's offering a new kind of a bliss uh yeah

He is the preacher of commercial suffering
Where there's a way there's a will
You will testify this new king of fools
Of fools like you

This is the king that you can not miss
He doesn't scream that good old 666
He's offering a new kind of a bliss uh yeah

Hate is the fuel to the fire revenge
The most satisfying feeling in the world
Never forgive, never forget
Obey the master of this shadow world

[Solo]

Hate is the fuel to the fire revenge
The most satisfying feeling in the world
Never forgive, never forget
Obey the master of this shadow world
