

Butterfly

Diamond

Daddy got me feeling like a butterfly, I'm so high
Daddy tell me what you really wanna do 'cause I'm alright
Let's go
Uh, you make me happy daddy
Really feels good to me
Uh you got me thumping daddy
Just like a butterfly, I, I, I
Uh the way you do me, do me
Got me feeling right
Uh you got me feeling so high, just like a butterfly

It's like every day I wake up, I think it's a dream
Roll right over kiss my baby, God has sent me a king
He made me weak in my knees, he made me scream when he stroking
in my panties I'm posin', I got him caught in the moment
He like the spawn be on rotten
In Dubai we be shopping
He like to lick all the icing off cause he say he like topless
I'm like wait poppy stop it,
He know the neighbors be watching
Baby panties I'll take it off
In new Vegas we at the malls
From Cali to Mexico, you smoking the best drough
At every event show, we sit on the front row
Got backstage passes, worldwide fashion
We tipping our glasses while the cameras are flashing

Daddy got me feeling like a butterfly, I'm so high
Daddy tell me what you really wanna do 'cause I'm alright
Let's go
Uh, you make me happy daddy
Really feels good to me
Uh you got me thumping daddy
Just like a butterfly, I, I, I
Uh the way you do me, do me
Got me feeling right
Uh you got me feeling so high, just like a butterfly

I've can win it on his books
Ride for the team
Give him head to toe treatment
If you know what I mean
Got the keys to the safe, got the deeds to the place
And when he get back home, I'm al with the state
We got a jet fuelled up if we wanna escape
Living in paradise, making love by the lake
Making love by the lake
On our estates
Paparazzi taking pics, tryna get slip through the gate
And I don't give a damn, I got me a man
Butterflies in my tummy when we touching and playing
We be kissing and hugging
We be pulling and tugging
We be stunting in public
Man I swear that I love it

Daddy got me feeling like a butterfly, I'm so high

Daddy tell me what you really wanna do 'cause I'm alright
Let's go
Uh, you make me happy daddy
Really feels good to me
Uh you got me thumping daddy
Just like a butterfly, I, I, I
Uh the way you do me, do me
Got me feeling right
Uh you got me feeling so high, just like a butterfly
