

# Atmosphere

Diane Birch

Walk in silence  
Don't walk away, in silence  
See the danger  
Always danger  
Endless talking  
Life rebuilding  
Don't walk away  
Don't walk away

Walk in silence  
Don't turn away, in silence  
Your confusion  
My illusion  
Worn like a mask of self-hate  
Confronts and then dies  
Don't walk away  
Don't walk away

People like you  
Find it easy  
Naked to see  
Walking on air  
Hunting by the rivers  
Through the streets  
Every corner abandoned too soon  
Set down with due care  
Don't walk away in silence  
Don't walk away  
Don't walk away in silence

Don't walk away
