

Walk on Water

Diane Birch

Father likes to be right
Says he found the light
Says he
Found the light

Watching you dodge the blade
Hiding in the shade
Hiding in the shade

What if there were no borders
What if no one ever caught us

Take a step out
Love's an ocean
We can walk on water
Take a step out
Love's an ocean
We can walk on water
On water

I wanna throw the stones
Till they break our bones
Till they break our bones

We gotta burn
We gotta burn
We gotta burn down our thrones

What if there were no borders
What if no one ever caught us

Take a step out
Love's an ocean
We can walk on water
Take a step out
Love's an ocean
We can walk on water
On water

Who can know other minds
From across the lines
From across the lines

Take a step out
Love's an ocean
We can walk on water
Take a step out
Love's an ocean
We can walk on water
