

Immortal hatred longing
For what I've done to you
A shattered dream of greed
Confess of a faded bloom

Reminded day by day
The scars just cannot heal
Still unforgiven guilt
Am I a child within your hands?

Tear my heart out, let me fall
Keep my faith enclosed in walls
Like a child within your hands
Close my eyes and let me fall

Into oblivion I urge
For you I dare to feel regret
A sacrifice I cannot fear
How can I cure what you protect?

Immortal hatred longing
For what I've done for you
A shattered dream of need
Moments without truth

A mournful sacrifice
The scars will never heal
