

## Reconstruction

Die Krupps

I'm the door to your relief  
I've come to strengthen your belief  
I'm here to open these closed minds  
Let's burn these bridges that us blind  
No more wars - destroying lives  
Two-faced justice - inferno of lies  
Introducing meaning to society  
Must be the priority  
Reconstruction - the challenging's back  
Reconstruction - see him change it all back  
I'm back to take for you the blame  
I'm here to receive for all the shame  
I'm the one on whom you inflict the pain  
I will not be behind under heaviest strain  
No more violence - the ultimate sin  
Time for a whole new phase to begin  
Introducing meaning to society  
Must be our priority  
Reconstruction - the challenging's back  
Reconstruction - see him change it all back  
Soul cries - cries elevate  
Elevate mind - mind escapes  
Escapes hate - hate you  
You fall - fall hard  
Hard up
