

# The Hunger

**Dies Irae**

The moon shines bright  
Among the stars  
Deity among angels  
Unquestionable ruler  
So bright, so cold, so endless  
When it calls they obey  
Lunatic faceless creatures  
Mesmerized by its aura

Blood boils in veins  
Shadows spy on their masters  
Strange scent in the air  
Betrays the prey to hunters  
Excitement sharpens senses  
All shapes become clearer  
Time stops, the hunt begins

The hunger is appeased  
Hypnotic trance gives  
In narcotic extasy  
Calms down  
The wrath within  
Lazy indifference  
Drunk eyes seem blind  
Yet watching  
Things that  
Are not really there

Again moon shines  
Among stars  
Deity among angels  
Unquestionable ruler  
So bright, so majestic  
Again it calls they obey  
Hypnotized by its aura  
Time stops, the hunt begins
