

# Devil's Choir

## Digital Daggers

Deep in the witching hour  
Nothing can calm my mind  
Love and possession, moonlight obsession  
Seek and you know I'll find  
Something to feed this hunger  
It keeps me up at night  
Lover I'll get you, just like I'm meant to  
I need to make you mine

Hot on your heels and I want you now  
Turn up the heat and I'll take you down  
I'll take you down, down, down

Let me light your fire  
Let me turn you on  
Hear the devil's choir  
Burn baby, burn baby, burn  
Let me fuel desire  
With a siren song  
Hear the devil's choir  
Burn baby, burn baby  
Burn, burn, burn

I want to hold you closer  
I want to take my time  
Show my devotion, with every motion  
Memorize every line

I'm hot on your heels and I want you now  
Turn up the heat and I'll take you down  
I'll take you down, down, down

Let me light your fire  
Let me turn you on  
Hear the devil's choir  
Burn baby, burn baby, burn  
Let me fuel desire  
With a siren song  
Hear the devil's choir  
Burn baby, burn baby  
Burn, burn, burn

Come on down, down, down  
Singing (Ah)  
Come on down, down, down  
Singing (Ah)  
Come on down, down, down

Let me light your fire  
Let me turn you on  
Hear the devil's choir  
Burn baby, burn baby, burn  
Let me fuel desire  
With a siren song  
Hear the devil's choir  
Burn baby, burn baby  
Burn, burn, burn

Let me light your fire  
Let me turn you on  
Burn baby, burn baby, burn  
Let me light your fire  
Let me turn you on  
Hear the devil's choir  
Burn baby, burn baby  
Burn, burn, burn
