Razors Edge

Digital Daggers

I think I'm lost
I think I'm broken
It's not what I wanted
The verdict won't change
I've gone off the razor's edge
Thought it would be different
Was treading the water
'Til it took me under

Quick retreating
So stuck in these feelings
I'm taking the beating
It won't let me go, go, go

I'm scared 'cause the past
Keeps pulling me back
Distorting the future
It's holding me close
It loves me the most
It's tearing the sutures

It won't let me heal
It tells us what's real
There is no truth there
My vision's gone black
I'm scared 'cause the past
Keeps pulling me

Seems I forgot
Which way I was going
Echoed mistakes (mistakes)
Repeating again

Quick retreating
So stuck in these feelings
I'm taking the beating
It won't let me go, go, go

I'm scared 'cause the past
Keeps pulling me back
Distorting the future
It's holding me close
It loves me the most
It's tearing the sutures

It won't let me heal
It tells us what's real
There is no truth there
My vision's gone black
I'm scared 'cause the past
Keeps pulling me

I'm scared 'cause the past
Keeps pulling me back
Distorting the future
It's holding me close
It loves me the most

It's tearing the sutures

It won't let me heal
It tells us what's real
There is no truth there
My vision's gone black
I'm scared 'cause the past
Keeps pulling me back
I'm scared 'cause the past
Keeps pulling me
