Let's blaze the thai, jump in the ride, find a live inside
Stressed all week, scheduled sheets, rhymes and beats
Hit the streets find a club and then bag the freaks
Whateva throw the keys to valet, let's make our way
to the club entrance (Yo there go Pun with like ten chicks!)
The line's sexy, but we gon' get in this bitch
Let me light a clip, look for the shorties with the nicest hips

We had to bend a piece like the Max casual slacks
Ordered the Cognac, laid back, planned our attack

Straight off the back I'd approach, 'fore we took off our coats
She got close, threw me the signal like a third base coach

Yo Whateva what's the deal?
