

## 2 Hearts

Digitalism

A touch too much, too soon,  
Got cast away with you. (2x)  
Your words, can't hear, cause they hurt:  
Can't spend another day with you.  
Can't stand another day with you.

These two hearts won't make it last. (2x)  
It's like you are hopelessly in love,  
But I will watch you.  
It's like you are hopelessly in love.

Don't move, just close your eyes,  
I grab your hands and then (2x)  
You see, although you've been blind:  
I saved your world again.  
Just saved your world again.

These two hearts won't make it last. (2x)  
It's like you are hopelessly in love,  
But I will watch you.  
It's like you are hopelessly in love.  
But it's okay, okay,  
Cause I will stay with you.

You don't need much operation done,  
You want the moon but you've got the sun.  
You don't need much operation done,  
Too much, too soon, for a bit of fun.

These two hearts won't make it last. (3x)  
But it's okay, okay,  
Cause I will stay with you
