We're not heading home now
We ain't going back (2x)

We ain't going back (2x)

We are gonna take you out on and to cross the border
It's not that we don't care but we will take it a bit further (2x)

We can't be arsed turning around
You've come with us, we've got the sound (3x)

(We ain't going back)

We sent a message you will receive
Of instant salvation and pain relief
