

# Barely Breathing

Dillon Francis

Now that I have paid my dues  
Don't need to sit here and wait  
All of my time, everyday  
I don't feel no shame

Making my name, spelling it out  
I'll play the game, don't have a doubt  
'Bout who I am, come here and see  
More than a man, I'll make you bleed

I'm gonna go down  
Till you go with me  
Till you go with me  
Down  
I'm barely breathing  
Tell me if you wanna go

I'm barely breathing  
I'm barely breathing

Separate all that is fake  
Mocking your style, I'll admit  
I know your fate, now that it's fake  
And that I'll admit

Making my name, spelling it out  
I'll play the game, don't have a doubt  
'Bout who I am, come here and see  
More than a man, I'll make you bleed

I'm gonna go down  
Till you go with me  
Till you go with me  
Down  
I'm barely breathing  
Tell me if you wanna go

I'm barely breathing  
I'm barely breathing

Tell me if you wanna go  
I'm barely breathing  
I'm barely breathing  
I'm barely breathing

Tell me if you wanna go (Drop)
