

Dissolve

Dillon

A fragile [?] but common
Unseal my lips to find yourself inside me
Free my mind, just don't drop it
Let yourself surround me, hide in my heat

When I follow, follow
All I embrace dissolves
Into oblivion
When I follow, follow
All I embrace dissolves
Into oblivion
When I follow, follow
Follow, follow
Follow, follow
Follow, follow

Blow back my hair and lay me down
Unseal my lips to find yourself inside me
Hold my breath and make a wish
Let yourself surround me, hide in my heat

When I follow, follow
All I embrace dissolves
Into oblivion
When I follow, follow
All I embrace dissolves
Into oblivion
When I follow, follow
Follow, follow
Follow, follow
Follow, follow
