

# Tales Of Tomorrow

Dimitri Vegas & Like Mike

We're turning our world round its upside down  
Get back our hopes because we're dreaming  
We are the ones that can change this now  
Yeah

Love is in a soul that's breaking free  
Riding a wave of this energy  
We're turning our world round its upside down  
Yeah

This here  
This is our story  
This is the journey of our lives  
We won't stop  
This is our moment  
These are the tales of tomorrow  
These are the tales of tomorrow  
These are the tales of tomorrow  
These are the tales of tomorrow  
These are the tales of tomorrow

We're turning our world round its upside down  
Sharing the love we are receiving  
We are one and we let it all out  
Yeeaah

Love is in a soul that's breaking free  
Riding a wave of this energy  
We're turning our world round its upside down  
Yeah

This here  
This is our story  
This is the journey of our lives  
We won't stop  
This is our moment  
These are the tales of tomorrow  
These are the tales of tomorrow  
These are the tales of tomorrow  
These are the tales of tomorrow  
These are the tales of tomorrow  
These are the tales of tomorrow
