Another Night

Dionne Warwick

Another night, another dream, and always you It's like a vision of love that seems to be true Another night, another dream, and always you In the night I dream of a love so true

Just another night, another vision of love You feel joy, you feel pain Cause nothing will be the same Just another night, it's all that it takes To understand the difference between lovers and fakes Oh baby!

I talk, talk, I talk to you In the night in your dream of love so true I talk, talk, I talk to you In the night in your dream of love so true

In the night, in my dreams I'm in love with you Cause you talk to me, like lovers do I feel joy, I feel pain, 'cause it's still the same When the night is gone I'll be alone

Another night, another dream, and always you It's like a vision of love that seems to be true Another night, another dream, and always you In the night I dream of a love so true

Just another night, another dream Another vision of love And we are here to set you free I am the lover, your lover Hey, sister, let me cover your body with my loving Is my loving just a number?

Vision of love that seems to be true We will do all the things that only lovers do Vision of love that seems to be true We will do all the things that only lovers do

In the night, in my dreams I'm in love with you Cause you talk to me, like lovers do I feel joy, I feel pain, 'cause it's still the same when the night is gone I'll be alone

Another night, another dream, and always you It's like a vision of love that seems to be true Another night, another dream, and always you In the night I dream of a love so true

I talk, talk, I talk to you In the night in your dream of love so true I talk, talk, I talk to you In the night in your dream of love so true

In the night, in my dreams I'm in love with you Cause you talk to me, like lovers do

I feel joy, I feel pain, 'cause it's still the same When the night is gone I'll be alone

Another night, another dream, and always you It's like a vision of love that seems to be true Another night, another dream, and always you In the night I dream of a love so true
