

Queen of Madness

Dionysus

Everything you've done to break me
Is written on the wall
I don't know where to go

I've been on the run from something
But I can't take control, in my mind you're behind

Every night I fear that you will
Kill my heart and soul
Like a ghost inside of me
You whisper I'm your saviour!

You're the queen of madness
Wears no crown
Lost in deepest sadness
Falling down
You deceived me
Blood stained and never free
You've blamed all your shame on me

I have made a promise
To get back on you someday
Justice come, it will be done

You will face the darkest future
You will go to hell
Time will tell, I wish you well

The chill I feel at night will disappear
When you are gone
All the terror in my world will end
When I'm the saviour!
