

## (Throw On) The Hazard Lights

Dirty Projectors

I'm not going to work  
Just like the sparks from off my bumper  
Scraping as it trails  
Behind me  
Resigning

Throw on the hazard lights  
Pull on over to the side  
Slowly figure what the problem is  
For it's all over before it begins

Oh you  
Will raise your voice  
When he won't meet you where you hoped he would  
Don't bother with your peers  
Their knowledge is weird

Throw on the hazard lights  
Pull on over to the side  
Slowly figure what the problem is  
For it's all over before it begins
