

What Is the Time

Dirty Projectors

Leave the spoon-fed champions
Leave the lamp lit prose
Leave the endlessly distracting matinées
And say hello
Hello
Hello

What is the time when I can call you by your name?
I don't know why it's been so long
Alone, imagining nobody
Once in a while, well
I guess the planets align
And show me the one I am
I am the one who would love you
Seek the dusty loan shark

On the last frontier
Join the modern miracle that looks flat
But reveals itself a sphere
As the wheel of inception steered years

What is the time when I can call you by your name?
I don't know why it's been so long
Alone, imagining nobody
Once in a while, well
I guess the planets align

And show me the one I am
I am the one who would love you

They say it's ashes to ashes
Passion is passing
And we all will die alone But while we're here on the planet
Dancing on prairie
Why do we drink all to and [?]?

What is the time when I can call you by your name?
I don't know why it's been so long
Alone, imagining nobody
Once in a while, well
I guess the planets align
And show me the one I am
I am the one who would love you

What is the time when I can call you by your name?
I don't know why it's been so long
Alone, imagining nobody
Once in a while, well
I guess the planets align
And show me the one I am
I am the one who would love you
