## **Death Will Score**

have you heard of me before? oh, i know you: my mentor! death is talking to you! i realize, what's going on, this is true!

since the day i was born
i didn't grow up like them all
my life shrinks more and more
to get away from this horror

DEATH WILL SCORE DEATH WILL... DEATH WILL SCORE

now you see that i am real my whole life i could feel time has come for me to score my last wish is: to be reborn!

do you know there's no fear to die with pride, no more tears i'll be born again free as an angel, not yours, it's me...

DEATH WILL SCORE DEATH WILL... DEATH WILL SCORE DEATH WILL SCORE DEATH WILL SCORE DEATH WILL SCORE DEATH WILL SCORE

since the day i was born i didn't grow up like them all my life shrinks more and more to get away from this horror DEATH WILL SCORE
