

Does This System Work

Discharge

Men and women young and old
Out on the streets homeless

Does the system, does the system, does this system work

In plastic bags they carry their homes
Clothes in rags they walk the streets

Does the system, does the system, does this system work

Men and women young and old
Out on the streets homeless

Does the system, does the system, does this system work

In bins they search for the odd dog end
The odd dog end and food

Does the system, does the system, does this system work
