

Grit Your Teeth

Disharmonic Orchestra

Your votes go to him who
Made it look as shiny as his teeth
Don't waste all your good time
By reading the small print underneath

The nice guys, the bad dudes
Two horsemen or three or were they more?
How ever I long for the crown
And the princess I adore

Grit your teeth
Grit your teeth
Grit your teeth
I'll face the problem by the root

Grit your teeth
Grit your teeth
Grit your teeth
Trust me it's only for your good

If there's no agreement
I throw some sticky
Sludge and dirt in any direction
No matter if anybody's hurt

Some fellows took notice
They've got a clue of how it ran
I know how to fool them
Again, again and again

Again and again
Again and again
Again and again

Grit your teeth
Grit your teeth
Grit your teeth
I'll face the problem by the root

Grit your teeth
Grit your teeth
Grit your teeth
Trust me it's only for your good

Your votes go to him who
