

# I Saw Them Die

Dismember

No limit, no number too high  
To commit the sickest of crimes  
Homicidal enjoyment,  
Afrenzied lust to kill  
Something they never understood  
I crave blood

Incursion  
Twist of the knife  
Internal adjustment  
Mortal flesh impaled

I saw them die  
All empty of their life

I'll be thy master  
Your sinful messiah  
Evil incarnate  
Pain and pleasure, death defined  
No end to my reign of hate
