Cover This

Dispatch

Wounded, you can take me there
I was wounded, you can take me there
It was a crime that I was left
But will you go on without me?
Think I'll just walk myself to sleep

Cause I ain't working for your father
But I might as well be
I ain't lookin' for confusion
But it tends to follow me
You can come into my house, she said
If you do it quietly
But I said
There ain't no chance at that

Cause I am listenin' to what you got
Put up your hands if you want me to stop
And I turn around, but I think you're crazy
If you think this happens a lot
Oh, do you like this?
Do you need someone to cover you
Just to show you what you missed

Wounded, and I will go if you go first
But I, ain't gonna wait around
Tell me how much is your time worth
We got, ten minutes to get there
We got, ten minutes to go
Throw this one in for the money
Cause the next one's for the next show

I ain't working for your father
But I might as well be
I ain't lookin' for confusion
But it tends to follow me
You can come into my house, she said
If you do it quietly
But I said
There ain't no chance at that

Cause I am listenin' to what you got
Put up your hands if you want me to stop
And I turn around, but I think you're crazy
If you think this happens a lot
Oh, do you like this?
Do you need someone to cover you
Just to show you what you missed

So hey
Where you going?
Do you need somebody, somewhere
To help you get on by?
Cause I think, you know who I am
I'm gonna make this, as fast as I can
Some people call me the pusher man
I promise it won't take long no no no no
Just close your eyes

And get in the van

Cause I am listenin' to what you got
Put up your hands if you want me to stop
And I turn around, but I think you're crazy
If you think this happens a lot
Oh, do you like this?
Do you need someone to cover you
Just to show you want you missed

Cause I am listenin' to what you got
Put up your hands if you want me to stop
And I turn around, but I think you're crazy
If you think this happens a lot
Oh, do you like this?
Do you need someone to cover you
Just to show you want you missed

Cause I am listenin' to what you got
Put up your hands if you want me to stop
And I turn around, but I think you're crazy
