Hey, Hey

Well I'm moving kind of slow Down that same old path Wasting time inside this hour glass She's coming up ahead now And I feel, yes I feel My head turning like a race car wheel Maybe I'll try to say hi another time I've gotta find a way to get inside your mind I'll talk smoothe and walk one step closer Be real cool, dang real cool

say what you want, say what you mean question yoursel, are you really what you seem? say what you want, say what you mean question yoursel, are you really what you dream?

now here I come one more time but she slides on by not even a second look she took the bait right off that hook I've got my blinders on tight I pull my cap a little lower I can't hide away

you might think that this is easy for me but there's a lot of things you don't know you don't care, you don't want to see long while since I've got myself across but maybe there's a reason for that even if I caught you I'd throw you back.

hey... hey...

I really don't wan to fall back because you don't seem like you care and if I would fall back you don't seem like you care and if I would fall back you don't seem like you care

fall down your back, fall down your back fall down your back, fall down your back

I will not, I will not hold, hold you back you don't seem like you care

Fall back... you don't Fall back... you don't Fall back... you don't
