Disturbed

Na Ha-nha

Get in get in get in get into now  
Get in get into come take over me  
(3x)  
Get in get in get in get into now  
Get on get into like me

Time, not having an easy time  
Never gonna have an easy time  
Given the run around to me  
I can feel it coming around again

Time, a changing a wasting  
Come and get up in my face again.yes  
Time ,given the run around to me

And I'm not having an easy time  
Never having an easy  
You know this time it has never gone easy  
Time never having an easy  
You'll never meet another like me

Get in get into like me like me  
Get in get into like me like me  
Get in get into lie to me like me  
Get into like me like

Na Ha-nha

Get in get in get in get into now  
Get in get into come take over me  
(3x)  
Get in get in get in get into now  
Get on get into like me

Get Ready

Time never gonna die  
Never gonna give into me  
You want a Deity like me  
You want a God  
But you're never gonna give into me  
Want a Deity like me

Time, Get it Get it  
Time, is just another God Of The Mind  
Time, get it get it  
Time, is just another God Of The Mind

Time, Never having an easy  
You know this time it has never gone easy  
Time, never having an easy  
You'll never meet another like me
