

Check Me Out

Dizzy Wright

We don't do it for the clout (Clout)
All that fake shit out (That's out)
I said, "Check me out" (Check me out)
They check me out (They check me out)
Took that player route (Route)
Tip-top drip, no drought (No Drought)
I said, "Check me out" (Check me out)
They check me out (They check me out)
Tip-top drip, no drought (No Drought)
Took that player route (Route)
I said, "Check me out" (Check me out)

I ain't no fake and I never been one
I gotta do what ain't never been done
These rappers be soundin' repetitive, huh?
Like I smoke like I got competitive lungs
You tried to use your intelligence then you woke up and found out where your
mailin' it from
Made it my job but I do this for fun
More like a God in a devilish run
I'm just gon' be the best version of me
Ain't no early to me, I'm up late
And my plate be fuller than ever
These hoes is just dirty to me
Ain't no hurtin' a G, I just keep it G
Bitch, you too thirsty for me
All these bougie big booties stay wet when you wear with the Curry 3
Had to jet, break no sweats, I break necks, I'm too fly
Let me flex, I go crazy, lazy, busy, wish on my flesh
I play broke until it's time to invest
I love all my fans, I'm the one they request
Pull in your city, bitch, hear me out
Double XXL freshmen still fresh to death
Fuck tryna wait, yo, I did it myself
Got Mayweather confidence, yep, defendin' my belt
Las Vegas got put on the map, that's a promise I kept
But

We don't do it for the clout (Clout)
All that fake shit out (That's out)
I said, "Check me out" (Check me out)
They check me out (They check me out)
Took that player route (Route)
Tip-top drip, no drought (No Drought)
I said, "Check me out" (Check me out)
They check me out (They check me out)
Tip-top drip, no drought (No Drought)
Took that player route (Route)
I said, "Check me out" (Check me out)

Check out the mixtape, the EPs, the album
Vibrations I'm raisin', I'm high like a falcon
I'm blazin', come blaze with us, ways that I'm bouncin'
Look, I be on tour flippin' CDs and the outcome is always amazin'
I love it hands down
You fuckin' with a king, I ain't here to fuck around
Havin' lucid dreams but it might be nightmares 'cause it sting when you hidi
n'
They know you gotta cool you down (Woo)
Man, they love you one hate and hate you next week
It was all good in the hood 'til the press leak
No more jet skies, no more bad bitches, no more trollin' niggas
Niggas starin' like I told a nigga last week (Man)
Sit back, analyze and observe, mm
Broady city had my back, took his word, mm
Legend sittin' back like, "You got some motherfuckin' nerve"
You could get it but I need it in return, mm
So I strolled the planet, seen homes that I owed the bandit
Now I'm grateful for those who can't, man
See, what I can't- I can't stand when the shows get canceled
Wanna show them that the flow's advancin' (Okay)
Built the crib, create the space
My music replace the hate, they can't relate
Gotta separate the two, the real life, the internet
How the fuck you feelin' that?
Better come over this way, lil' nigga

We don't do it for the clout (Clout)
All that fake shit out (That's out)
I said, "Check me out" (Check me out)
