

# Make Moves Wit Me

Dizzy Wright

I got the juice get used to me  
I used to spit the truth for free  
I'm not the young duke I used to be  
Make moves with me  
Make moves with me  
I got the juice get used to me  
I used to spit the truth for free  
I'm not the young duke I used to be  
Make moves with me  
Make moves with me

Who's best to do it? No one but me  
Light your weed up 'cause I'm the one to see  
What you preach? Peace love and positivity  
Limitless possibility my nigga are you feeling me?  
Well I'm just getting started  
I was a 21 Savage before I was getting collete  
Young and reckless sleeping on my nigga carpet  
Saving money doing what his mama taught him  
My grandma proud of what I did  
She inspired by the little things  
So she'll be happy with this brand new wig  
I'm getting cash money no Lil Wayne  
Rest in peace to Darren that's my cousin name  
So I can't just settle for the low budget fame  
Brother man  
I'm clutching the 4th quarter  
Isaiah Thomas jersey I ain't fool ya  
Aye little nigga

I got the juice get used to me  
I used to spit the truth for free  
I'm not the young duke I used to be  
Make moves with me  
Make moves with me  
I got the juice get used to me  
I used to spit the truth for free  
I'm not the young duke I used to be  
Make moves with me  
Make moves with me

Oh yeah I'm clocking in this work time  
Keep a bad bitch picking me up LAX curb side  
Haters tryna judge my life with a birds eye view  
To tell the truth I already knew they would turn sides  
See some burning bridges I burn the competition  
Thankful for the life I'm living this is God's decision  
I got the tunnel vision hustle till I got attention  
They talking tweet style I'm the rapper they got to mention  
And life's about perspective it's just how you see it  
Run out of season this game will give you the silent treatment  
Bust a move it got so many flavors  
My niggas smoking on the blunts following henney chasers  
And time keep slipping can't get a grip on that  
So get yours and get back  
Fuck with that and see the blessings you receive  
Best believe that my C's freshly squeezed

I got the juice get used to me  
I used to spit the truth for free  
I'm not the young duke I used to be  
Make moves with me  
Make moves with me  
I got the juice get used to me  
I used to spit the truth for free  
I'm not the young duke I used to be  
Make moves with me
