

Rollin' Skimps

Dizzy Wright

[Chorus]

I'm bout to roll my weed... but I'm rolling skimps...
hey
I still been on my job... tryna, take care of my kid
& I've been on my grind & on my shit
I never thought that I would ever see the world like
this but... hey
My niqqa life goes on, hey, my niqqa life goes on

[Verse 1]

I'm sick of my day job & my dumbass co-workers
Who always saying something smart with an attitude
You wake up & you be mad at who?
You drag your attitude to work & give it to everyone
after you
Bitch, we work the same job that you do
Don't come fuck up my day cuz you focused on tryna do
you
I'm tired too & I don't wanna be here either
You need to sit down & take a breather
You ain't the only one paying bills
I learned that stress is a bitch
& guess what? We all gotta meet her
Shit gets a little deeper, I ain't coming at you rude
But I came to do my job & you fucking up my mood
& now I wanna leave & that's money I know I lose
Money I know I need but I don't need this from you
Uhh... So if I spaz
Don't act like I ain't warned your lil selfish ass
So Imma relax cuz

[Chorus]

Break it down, break it down

[Chorus]

[Verse 2]

See, I wake up to the same shit
Brush my teeth, smoke a blunt & give my dame a kiss
Back into the world I go niqqa
It's getting harder, yeah I know niqqa
You couldn't stand to take a close picture
I'm at this bus stop, hot as fuck
Givin it my all but it's not enough
I got all of this shit that's poppin up
Losing control of my balance
Spending more on my habits
Tryna establish my talent
I think I'm ready but... you will never understand me
I wanna chase a dream but shit, I gotta feed a family
I gotta voice niqqa... but it don't mean shit
If you ain't talking about a hundred hoes up on your
dick
So shit, I'm at the point where I feel that I gotta
pick
& at the end of the day, I'm picking this

Ain't that about a bitch?
But fuck it, I guess thats how life goes
My life is the Wright Road but on the low
I'm bout to go & let em know

[Chorus]

Break it down, break it down

[Chorus]
