

Bet On Me

DJ Sammy

Eyes wide open all night
And my dreams start to fight
Cause I only want the best for me

If it's all black or white
In between all the "why?"s
Tell me, do you ever feel like this?

I've been thinking about it
But I'll close my eyes just to picture what I can't see
Gonna feel so alive
If I let go of the demons
I don't wanna show

Come with me
And push me ahead
Cause I'm close to the edge
I don't wanna fall in deeeep
Catch me once again
Let me know
I'm not alone
I need you to
Bet on me

I need you to
Bet on me

I'll never lose my soul
No matter where I go
Cause I only give the best of me

Heart wide open and I've
Been waiting for a sign
Then you came along and saved meeee

There is no tomorrow when I doubt myself
Keep my spirit higher when you hold on me
Learning how to fly to let it all go
Cause I gotta let go
Ye ye ye

I've been thinking about it
But I'll close my eyes just to picture what I can't see
Gonna feel so alive
If I let go of the demons
I don't wanna show

Come with me
And push me ahead
Cause I'm close to the edge
I don't wanna fall in deeeep
Catch me once again
Let me know
I'm not alone
I need you to
Bet on me

I need you to
Bet on me

I need you to
Bet on me

Bet on me

Come with me
And push me ahead
Cause I'm close to the edge
I don't wanna fall in deeeep
Catch me once again
Let me know
I'm not alone
I need you to
Bet on me
