(Be the same again)  
(E-e-e-everything we see you try)  
(E-e-e-everything we see you try)  
(Be the same again)  
(E-e-e-everything we see you try)  
(Ev-ev-ev-everything we say, everything we way)  
(Be the same again)

Hearing sounds will never seem to break away  
(E-e-e-everything we see you try)  
Turn around, we're lost and found  
We'll never be the same again  
(Everything we say, everything we say)

Hearing sounds will never seem to fall away  
(E-e-e-everything we see you try)  
Turn around, we're lost and found  
We'll never be the same again  
(Everything we say, everything we say)

Everything we say you try to memorize  
(Everything we say, everything we say)  
Everything we hear seems out of time  
(Everything we say, everything we say)

What's the sense of roaming? What we thought was near  
(E-e-e-everything we see you try)  
We're right on time, so we remember how we feel  
(Everything we see you try)  
(Everything we say, everything we say)

Flashing through space and time  
Back to the now  
Tryna look for a sign  
Somebody show me how

(Be the same again)  
(E-e-e-everything we see you try)  
(E-e-e-everything we see you try, see you try)  
(Be the same again)  
(E-e-e-everything we see you try)  
(Ev-ev-ev-everything we say, everything we say)  
(Be the same again)

Step across and try to walk the golden path  
(E-e-e-everything we see you try)  
What we found will take us down  
We'll never go that way again  
(Everything we say, everything we say)

Everything that we've been moving forward to  
(E-e-e-everything we see you try)  
Came about like drifting clouds  
We'll never be the same again  
(Everything we say, everything we say)  
Everything we say you try to memorize

(E-e-e-everything we see you try, see you try)  
Everything we hear seems out of time  
(Everything we say, everything we say)  
What's the sense of roaming? What we thought was near  
(E-e-e-everything we see you try)  
We're right on time, so we remember how we feel  
(Everything we say, everything we say)

Flashing through space and time  
Back to the now

(Be the same again)  
(E-e-e-everything we see you try)  
(E-e-e-everything we see you try)  
(Be the same again)

(E-e-e-everything we see, everything we see)
