

And I won't feel no
And I won't feel no pain
And I won't feel no
And I won't feel no pain
And I will give you what you need
To be the silence of this [?]
To know there's time for you to see
The spacing where we fall apart

In all known memories you divide
Did you succeed and [?]
So I can give you what you need
And I won't feel no
And I won't feel no pain

And I will give you what you need
Reveal the violence from the start
To know there's time for me to be
The space for when you fall apart

In all known memories you divide
Did you succeed and [?]
So I can give you what you need
And I won't feel no
And I won't feel no pain
And I won't feel no
And I won't feel no pain

And I will give you what you need
And I will give you what you need
And I will give you what you need
All my life with you
All my life with you
All my life with you
All my life...
And I will give you what you need.
