

Baby, put on your high heels
Run the show and let's just run away
Yeah, I got the plan to kill the blues
And all it's gonna take it you and me

I got a full tank lady and I'm ready to drive
I got a full tank baby, just look up at the sky
Don't you back up back up on all the things
We'll find a place to stay, yeah

You say that you hate it here
So why don't we disappear?
If you want to go to the moon
I'll take you there, baby zoom
Just pick a spot on the map
And I'll get you there and back
If you want to go to the moon
I'll take you there, baby zoom

Pedal to the, pedal like the devil, gonna drive you straight to heaven
'Til you're smiling hard
Wishing on a bottle, let your hand just drive the throttle
Like a shooting star, yeah

I got a full tank lady and I'm ready to drive
I got a full tank baby, just look up at the sky
Name the time and place and I'll get you
Don't matter if it's near or far, no

You say that you hate it here
So why don't we disappear?
If you want to go to the moon
I'll take you there, baby zoom
Just pick a spot on the map
And I'll get you there and back
If you want to go to the moon
I'll take you there, baby zoom

Where you going? I'm going too
Where you going? I wanna ride with you
Where you going? 'Cause I'm going too
Where you going? I wanna ride with you

You say that you hate it here
So why don't we disappear?
If you want to go to the moon
I'll take you there, baby zoom
Just pick a spot on the map
And I'll get you there and back
If you want to go to the moon
I'll take you there, baby zoom
