Yeah.. uh huh, lil something for the..yeah

On my way to Hollywood, im taking a short  
If its girls in here man I'm taking em all  
Can't wait to tell her mom that she dating a star  
That first Biggie Smalls album stay in my car  
Got some competition but they say I'm in charge  
She can see the watch when I sway the cigar  
I dont need luck I'm just playing my cards  
I put the lotion on her while she lay in the yard  
It look like you had a long day at the job  
I made that jerk chicken with the corn on the cob  
Body so right you got a hell of a mom  
I gotta give it up she did a hell of a job  
My man put me on he just through me a line  
I like that you ain't got a pic of you on your blog  
Ipod on while you walking the dog  
Playing Salt N Pepa, TLC, Nicki Minaj  
And I don't search that much but I had to pay attention  
Cause you worth that much  
I bought you the Chanel lil purse slash clutch  
I made 40 gs and we burnt that up

Barbeque for the whole squad, house party right down the street  
Sip champagne all day, Ice cream truck all week  
I wanna mellow out, cold beer, cigarello out  
School never was for me, went the ghetto route  
Now im big in New York, Carmelo house  
Can't wait to turn Coachella out  
I just want paper and some property  
Girls is on top of me, Im boardwalking its Monopoly  
Yeah, Garlic prawns with the broccoli  
Uh make sure you spell my name properly  
This is all capitals, doing anything for them capitals  
Dont have my check on time and we after you  
Anything I say I do it's all actual, I get money shit is factual  
I be in the library reading recipes for thai curries  
In the studio talking on the phone with my attorneys  
This is life, I got a lil something to smoke, make a plate  
And then take something to go, oh

Barbeque for the whole squad, house party right down the street  
Sip champagne all day, Ice cream truck all week  
Make sure the drinks don't stop, just make sure the drinks don't stop

Barbeque for the whole squad, house party right down the street  
Sip champagne all day, Ice cream truck all week [x2]
