

# Beautiful Crutch

Dommin

Yeah

Yeah

Help me forget every ache and pain  
Help me break every chain  
That keeps me in a world of shame  
You see I have just come out of a war  
The battlefield was much more, this heavy heart could endure

You are what I need to put the past behind me  
Oh baby  
You are what I need

You have come to me as a light  
In a dark time when all the fight has left me feeling contrite  
Even, when we don't keep in touch  
I think of you way too much  
It's good, your a beautiful crutch

You are what I need to put the past behind me  
Oh baby, you  
Wooh-a-wooh  
Are what I need  
Wooh-a-wooh  
You are what I need, to put me back upon my feet  
Oh baby, you  
Wooh-a-wooh  
Are what I need

You give me hope,  
You help me cope  
You give me hope  
You help me cope  
Yeah

You are what I need  
You are what I need  
You are what I need to put the past behind me  
Oh baby, you  
Wooh-a-wooh  
Are what I need  
Wooh-a-wooh  
Yeah  
Are what I need  
To put me back upon my feet  
Oh baby  
You  
Wooh-a-wooh  
Are what I need  
Wooh-a-wooh  
You are what I need

You give me hope
