

Madly

Dommin

From less than nothing
And dead as the night
Keeping myself hid from the light

There's suddenly something
Giving me life
Making me want to take the ride

Brought me from doubt
To believe

I'm so madly
So badly
I'm so madly into you
I'm so madly
So badly
Falling hard and fast, it's true

The ending's unwritten
At least for a while
Give me a reason
To smile

Brought me from doubt
To believe

I'm so madly
So badly
I'm so madly into you
I'm so madly
So badly
Falling hard and fast, it's true

I'm so madly
So badly
I'm so madly into you
I'm so madly
So badly
Falling hard and fast, it's true

You make me feel alive

I'm so madly
So badly
I'm so madly into you
I'm so madly
So badly
Falling hard and fast, it's true

I'm so madly
So badly
I'm so madly into you
I'm so madly
So badly
Falling hard and fast, it's true

You make me feel alive

You make me feel alive
You make me feel alive
