

Manipulator Girl

Dommin

Puppet master, pull my strings
And make me do those stupid things
Make me believe if I love you, I will do anything you say
So baby play

I'm loosing myself
In someone else

Man, if you let cha your girl
She controls your world
She controls your world
Man, if you let cha girl
She controls my world
She controls my
W O R L D

I can't believe I'm such a fool
And it's amazing what love can make us do
Your drunk on power, I'm your poison
But the choice is killing me, not you

And I've lost myself
In someone else

Man, if you let cha girl
She controls your world
She controls your world
Man, if you let cha girl
She controls my world
She controls my world

Bite your lips
Bat your eyes
Shake your hips
Start to cry
It won't work
Not this time
So sorry girl
No it won't work this time
Yeah yeahhh

Man, if you let cha girl
She controls your world
She controls your world
Man, if you let cha girl
She controls my world
She controls my world

Man, if you let cha girl
Don't you hate that girl
She controls my world

Man, if you let cha girl
Don't you hate that girl
She controls my world
Yeah!
