

There You Are

Dommin

Down from the mountain
Out to the sea
Finding the shelter in the shade of the trees
Riding the wind from shore to shore
But there is a shadow that you can not ignore
So you just keep on keeping the pace
As you just keep on running the race
A running away from something you already know
It doesn't really matter where you go

No matter where you go
No matter where you go
There you are
There you are
No matter where you go
No matter where you go
There you are, there you are
There you are!

The wind is blowing against the back
The clocks are broken, so there's no keeping track
Of all the, the time that's a passin' like grains of sand
Before you know it, you don't know where you stand
Are you in too deep to find a way out
Have you gone too far to remember the route
But don't you, no don't you worry, I'm always here
If you're uncertain let me make it clear

No matter where you go
No matter where you go
There you are, there you are
No matter where you go
No matter where you go
There you are, there you are

And I know who you are
I'm a part of your deception
I know who you are
Yeah, yeah

You and your shadow
You can't run away from me
Sooner or later maybe you'll see
I'm on the trail, I'm on your tail
I'm the dirt under your fingernails
Yeah I'd never fail

No matter where you go
No matter where you go
There you are, there you are
No matter where you go
Where you go
There you are, there you are

Near or far through light or dark
The same reflection, same ole scars
No matter where you go

No matter where you go
There you are
Girl, there you are
There you are
