

Tell them niggas clear the lane, we on the way up  
Tired of waiting, telling them pussy niggas stay up  
Pressure, I'm putting, pushing the ball til they pay up  
Killing niggas easy, man, this shit is like a lay up  
And I'm chilling in my lair  
See me marijuana pulling bitches by the hair  
Cause they know a nigga real, man, this shit ain't even fair  
Like creative player, swagger make your bitch go "woooo", Ric Flair  
In the back of my grizzly, you silly niggas, we run shit  
Drunk, hella pissy, my niggas ready to funk shit  
Talking out your neck, make a nigga wanna slump shit  
When a nigga say he real gotta deal with repercussion, man  
Chilling in the venue with some blunts in hand  
Young nigga getting baked like the muffin man  
Talking money, no other discussion, fan  
Winning, man, you niggas gotta trust the plan

I ain't even gon' front, I ain't even gon' front  
I ain't even gon', I ain't even gon' lie  
I get what I want and everything I want  
Still hella money on my mind, hella money on my mind  
Real niggas gon' love, real niggas gon' love  
Niggas gon' ride, niggas gon ride  
You can play if you want, play if you want  
Young nigga getting high, nigga getting high

Nigga, you know me  
Chilling like a villain feeling too OG  
I'm on a spree killing the trend of you niggas gimmicks  
With an end to all this bickering, niggas is feminine  
Pappy did teach me all the rhythms to be a gentleman  
I hit the ground running, no [?] to what I'm entering  
I'm real, repping what I got here  
Watching it all grow from the views of my lounge chair  
Know they wanna see a nigga lose, but I do not care  
Never looking back, they owe me for what I'm coming for  
Got my heart racing, that's why I'm smoking a ton of dro  
I'm gunning, my niggas who switching up and other rose  
I was still tryna figure out where the money go  
I'mma find my way, I promise you that  
Youngin with ambition, pimping, I thought you knew that  
Stunting on them suckers, them fuckers like where they do that  
About to blow up so pussy nigga just move back

Get out the way, move bitch, get out the way  
Bitch, move, bitch, get out the way  
Move, bitch, get out the way
