

# Endorphins

Don Broco

I got endorphins running through my veins  
I got endorphins keeping me awake  
And I can't help making big mistakes

You see, endorphins are running through my veins and it's pathetic  
Endorphins are rushing out my brain and it's pathetic  
Mighty morphing into a piece of shit and it's pathetic  
I'm so pathetic  
I'm so pathetic

Endorphins are running through my veins and it's pathetic  
Endorphins are rushing out my brain and it's pathetic  
Mighty morphing into a piece of shit, it's so pathetic  
I'm so pathetic  
I'm so pathetic, ah

Yeah, alright, yeah, alright, yeah, alright  
I'll give it up up in the morning  
Said alright, yeah, alright, yeah, alright  
I'll deal with the crush in the morning  
Fucking right, fucking right, fucking right  
Well, giddy up up, get the call in  
Guess I might, guess I might, guess I might  
Be seeing my crush, seeing her

I got endorphins running through my veins  
I got endorphins keeping me awake  
No, I can't help making big mistakes  
I gotta give it up up, give it up  
I got endorphins running through my veins  
I got endorphins keeping me awake  
But I can't help make 'em anyway  
I gotta give it up up, give it up

Yeah, alright, yeah, alright, yeah, alright  
Transfusing my blood in the morning  
Yeah, alright, yeah, alright, yeah, alright  
Be snoozing that lust in the morning  
Do you right, do you right, do you right  
I'll give it all up in the morning  
What a life, what a life, what a life  
Still feeling that crush, feeling that

I got endorphins running through my veins  
I got endorphins keeping me awake  
No, I can't help making big mistakes  
I gotta give it up up, give it up  
I got endorphins running through my veins  
I got endorphins keeping me awake  
But I can't help make 'em anyway  
I gotta give it up up, give it up up

Endorphins are running through my veins  
Endorphins are running through my veins and it's pathetic  
Endorphins are rushing out my brain and it's pathetic  
Mighty  
Mighty morphing

I'm so pathetic  
I'm so pathetic  
I'm so pathetic  
I'm so pathetic

Endorphins are running through my veins and it's pathetic  
Endorphins are rushing out my brain and it's pathetic  
Mighty morphing into a piece of shit, it's so pathetic  
I'm so pathetic  
I'm so pathetic
