Don Broco

Creepy creepy calling me daddy
They the same same people no shit don't tally
They the same same people who be coming at me
They the very same people
Thought that we family
What they think 'cause I sing that I don't get sad
Hearing 'liked the old stuff but the new stuffs bad'
When they tell me they're all hoping that I go relapse
When they single out a member
Keep on calling them a fatty
Fucking bullies in their playground on some evil shit
Tell me what the hell you getting out of it
Mr. Holier Than Thou fully absolved from sin
Pointy canines blood dripping from your twisted grin

Manchester Super Reds number one fan
Take it right back to the first time with the gang
Take it right back when you first felt like the man
Trying to bite back
Get a rise out I'm like damn
I'm like damn what I did?
I'm like damn you got mean
Give a damn what you think
Still I'm prang losing sleep
I'ma cancel the show
I'ma cancel the tour
I'ma cancel the year
I'ma cancel it all
Im'a cancel it like that, washing my hands
If you're out there for one last time sing it fucking loud

Yeah, yeah

All my people gone cold

I don't wanna be denied
You can't deny me no

I like to go berserk then trap the thirst
I like to fuck the world then save the earth
I like to dish the dirt I'll touch a nerve
But still I sing the words to every verse
Take it right back to the first time with the gang
