

One True Prince

Don Broco

We've been, we've been men possessed
You're not, you're no one true prince
Regal ego, heaven sent
Just stardust blowing in the wind
But we're about to do amazing things

It's OK that we're not in love
It's OK that we're not enough
Spinning round a dying sun
Just like everyone
It's OK that we're not in love
It's OK that we're not enough
Spinning round a dying sun
Just like anyone

We've seen, we've seen supermen
Good or bad all transient
And we're about to do amazing things

It's OK that we're not in love
It's OK that we're not enough
Spinning round a dying sun
Just like everyone
It's OK that we're not in love
It's OK that I'm not enough
Spinning round a dying sun

Ten to one, ten to one
I like those odds
Yeah ten to one
'Cause when I win I win big
What have I become
Ten to one, ten to one
I like those odds
Yeah ten to one
And when I win I win so big

It rains it pours

It's OK
Spinning round a dying sun
Just like everyone
It's OK that we're not in love
It's OK that we're not enough
Spinning round a dying sun
Just like anyone
Just like anyone
