

Stay Ignorant

Don Broco

You're kidding yourself
Live like that, no you can't live like that
You're kidding yourself
Sink some beers, watch the match
Get a grip of yourself
Live like that, no you can't live like that
Don't hate yourself
Going out, won't come back

We're living out our dreams
Stay ignorant with me
You're kidding yourself
Live like that, no you can't live like that

Oh, if we're gonna fake it, fake it right
Shooting down all of the satellites
Oh oh, we won't, we won't know
Oh, if we're gonna make it through the night
Turn the volume up, turn off the lights
Oh oh, we won't, we won't know
We won't, we won't

You're kidding yourself
Live like that, no you can't live like that
You're kidding yourself
Sink some beers, watch the match
Get a grip of yourself
Live like that, no you can't live like that
Don't hate yourself
Big night out, don't come back

Lying awake
Talking about the things we liked about our day
Goodnight my love
Woe

Wide awake
Thinking about the things I saw go down today
Goodnight my love
Woe

Oh, if we're gonna fake it, fake it right
Shooting down all of the satellites
Oh oh, we won't, we won't know
Oh, if we're gonna make it through the night
Turn the volume up, turn off the lights
Oh oh, we won't, we won't know
We won't, we won't

Wide awake
Thinking about the things I saw go down the drain
Goodnight love
Woe
