

# Winterwood

Don McLean

**A**

1. No one can take your place with me

**E**

And time has proven that I'm right

There's no place I'd rather be

**A**

Than at your place for the night

2. No time can pass your sight unseen

No moment steals away unfound

Lifetime lived in such a dream

Floats like a feather to the ground

**D**

**C#7**

**F#m**

R: And for the first time I've been seeing

**D**

**A**

**E**

The things I'd never noticed without you

**D**

**C#7**

**F#m**

And for the first time I'm discovering

**D**

**A**

**E**

The things I used to treasure about you

3. The birds like leaves on Winterwood

Sing hopeful songs on dismal days

They've learned to live life as they should

They are at peace with Nature's ways

4. You are as natural as the night

And all that springs from you is good

And the children born beneath your light

Are like the birds on Winterwood

R: And for the first time...
