

# Crush

Dondria

You know I'm just a man  
I ain't never been scared  
Feeling this way for years  
Nooo Nooo yeah

Oh yeah oh yeaaaah  
Can't help but to stare  
There's something about you  
There ain't nothing you can say  
To keep me from feeling this way yeah  
Baby, why you, do me like you, do me  
I'm so drawn to you every time you come through

Ooh I can't lie  
You're so fine  
You blow my mind  
I got a crush on you  
Crush on you  
Ooh I can't deny  
You're one of a kind  
You blow my mind  
I got a crush on you  
Crush on you

Is it fascination  
Infatuation  
My anticipation is you  
Boy your conversation  
Got me palpitating  
Its something in the way you move  
Boy I'm kinda shy but I like  
That look in your eye  
Think it worth a try  
To define what I feel inside  
Mama said be a lady  
You're so intriguing baby  
I think I got a crush on you  
Ooooooowuh

Ooh I can't lie  
You're so fine  
You blow my mind  
I got a crush on you  
Crush on you  
Ooh I can't deny  
You're one of a kind  
You blow my mind  
I got a crush on you  
Crush on you

Ha-ha-ha-ha-haaaa  
Nooo nooo yeaaaah  
Oooooh oooooh  
Nooo Nooo yeaaaah

Do you mind if I  
Take a little time

To get to know you girl

I don't mind cause  
I been waiting for a while  
I wanna know you boooooy

Hope I'm not too forward

Just say you'll come over

I'm on my way over

I just wanna pacify my butterflies

I'm tryna make you realize  
That I got crush on you

Ooh I can't lie  
You're so fine  
You blow my mind  
I got a crush on you  
Crush on you  
Ooh I can't deny  
You're one of a kind  
You blow my mind  
I got a crush on you  
Crush on you
