

Haunted

Dondria

Bad vibes, cheap dates
White lies, lipstick stains
Cold nights on replay
Through it all she stay, yeah

But You couldn't get enough
Give you an inch and you take a foot, damn
You so disrespectful
Guess I gotta let go

Haunted, Haunted
Look at what you had
You can't get it back
Everything you wanted, wanted
When you look over your shoulder
And I'm not there to hold ya
When you hear me at night
It's not you deep inside
You're Haunted, Haunted

Damn you had me twisted
Lookin in the mirror
Filled with this resentment
How did you convince me
To put up with this shit when
You the one that did this, yeah

But You couldn't get enough
Made me believe that I needed ya
You'll be so regretful
Driving me to let go

Haunted, Haunted
Look at what you had
You can't get it back
Everything you wanted, wanted
When you look over your shoulder
And I'm not there to hold ya
When you hear me at night
It's not you deep inside
You're Haunted, Haunted

Look at whatchu had You can't get it back
Look at whatchu had You can't get it back
Look at whatchu had You can't get it back
Look at whatchu had You can't get it back

Haunted, Haunted
Look at what you had
You can't get it back
Everything you wanted, wanted
When you look over your shoulder
And I'm not there to hold ya
When you hear me at night
It's not you deep inside
You're Haunted, Haunted
