

## Friends Unknown

Donna Summer

I'm writing you this song  
Cause I've always wanted to let you know  
That no matter where you go  
My love is with you

Long after the curtain falls  
Its your I hear  
Breaking down the walls  
To let me know you're there

So sincerely  
You've stood beside me  
All through the years  
Together we have grown  
My friends unknown

Down on your knees your pray for me  
Deep in my heart you'll stay  
Eternally

You can turn my gray skies blue  
There's just no me without you  
For all the love you've shown  
My friends unknown

This road may be long and winding  
But no matter where it takes me to  
I will always find my way  
Back to you

And you should know  
That no matter where you go  
I'm always there for you  
I say a prayer for you  
And I love you eternally

And if we never, never ever meet again  
You'll always know where I stand  
I'll never be alone  
My friends unknown  
For all the love you've shown  
I wanna thank you  
My friends unknown
